PROLOGUE TO ONE WORLD UNDER DOOM!

- It's been months since Doctor Doom became Sorcerer Supreme – and disappeared. Reed Richards, the smartest man on the planet, has spent that time trying to find a way to understand magic, so he can find and stop Doom...and he's failed.
- But when Sue suggests there is another man who holds both a graduate degree in physics and an understanding of magic – Dane Whitman, the Black Knight! – Reed and Sue decide to see if he can offer any insights.
- Dane's help sends Reed and Sue's minds back in time – to possess the bodies of two people in the past, where, without their powers, they search for the one magical item that can cut through Doom's illusions!
- But the Black Knight has motivations of his own...and the past isn't what it used to be.

A classic era of the Fantastic Four — primed for their Marvel Cinematic Universe debut in 2025!

Fantastic Four launched the Marvel Age of Comics in the 1960s, and the series remained a creative force in the 1970s under the guidance of Marvel's top writers and the artistry of the brothers Buscema, Keith Pollard and breakout talent George Pérez! This Omnibus edition presents FF adventures on a massive scale like Galactus vs. the High Evolutionary, while seating the drama in the closeness of the team as a family. All families have their struggles though — and when the FF break up, it really could be the end. But their greatest enemy will bind the team back together, and the return of the Mole Man and the Inhumans will channel the mythology that makes Fantastic Four the World's Greatest Comic Magazine! More titanic tales from Stan Lee and Jack Kirby - the greatest storytellers comics have ever known!

Doctor Strange's original adventures in the comic magazine that birthed him, Strange Tales, come to an action-packed conclusion in this Mighty Marvel Masterworks edition! But will Clea, his partner from the Dark Dimension, survive when she's been marked for death? The scintillating stories in this collection will reveal her fate, as well as the origin of the Ancient One and the first appearances of mystic Marvel mainstays like Kaluu, Umar and the Living Tribunal, not to mention the inexhaustible army of the unstoppable Mindless Ones! Doc's exploits also feature a return duel with Baron Mordo and with the life of Victoria Bentley hanging in the balance.
